To whom it may concern:

I am writing to thank you for recommending the Creekside Inn for our group accommodation in Guerneville in late April. We had some very specific needs which your staff was attentive to in making the suggestion and we appreciate your assistance.

Our group of 13 required hotel-style furnishings plus access to kitchens to prepare their own food. Creekside Inn was the perfect match! Each of the units was fully equipped like an apartment but felt like a comfortable home. The different sized units allowed our group to self-select for their individual and collective needs. It would be an ideal place for families seeking a brief or extended stay.

The unseasonable rainy weather kept us indoors most of the time but the grounds and surroundings were beautiful. Had the weather been more inviting, we certainly would have availed ourselves of the pool and had a picnic outdoors or in the screened porches.

The proximity to Santa Rosa was convenient but it was very relaxing to be in the forest. I hope you will continue to recommend the Creekside Inn to others looking for family or business accommodations in Sonoma County.

Lynn Crescione and her staff were gracious hosts and would welcome any future visitors you send their way.

Thank you again for the service you provide.

Sincerely,
